### "Tea House" Play In Theater Tonight

"Teahouse of the August Moon," one of the most hilarious comedies in the history of the American theater, made its debut in the Hartnell Little theater last night. The showing will continue at 8:15 p.m. tonight and tomorrow night.

The play has been adapted by Pulitzer prize winner John Patrick from an original story by Vern Snider. A Hartnell college instructor, Mr. Karl Bengston, served on Okinawa at the same time as Snider, and was in charge of a village a few miles away from him.

Not since "Lute Song," which involved a Chinese setting, has the Hartnell college-community playhouse attempted such a difficult technical production, according to Mr. Hal Ulrici, director.

#### Cast Is Large

The Teahouse required two backdrops, with considerable art work done by Janice Baird of Aptos, and platforms which were constructed on each side of the stage. There is a cast of 25.

## EDITORIAL

## CAMPUS TREES REMOVED

Many have been somewhat perturbed recently by the removal of the 160 eucalyptus trees at the back of the Hartnell campus. Yes, the trees are gone. Their removal is easily noted when the wind starts up, and the dust from the field blows across the campus.

Why did the trees come down? They were a maintenance problem, and their removal was necessary so as to carry out plans for expansion and landscaping the campus west of the trees. Athletic play areas will be extended to the field.

Well, this is all very nice. The trees took 20 years to grow to their height and beauty, but new trees will be planted, perhaps to be felled in 1978, again to give progress a chance. Progress is such an important thing, and sometimes, such an ugly thing. Who would like to sit in the shade of an IBM machine?

Nevertheless, the trees have been felled, and we who will remember attending Hartnell while the trees stood are fortunate indeed; after all:

Poems are made by fools like me;  
But only God can make a tree.

—Joyce Kilmer

## Trees Removed From Campus

For reasons of campus expansion the eucalyptus trees in back of the college are being removed, according to Dr. J. F. Ching.

Reasons for removing the trees are as follows:

1. A sprinkler system will be installed and the area will be planted in turf.

2. The trees require constant maintenance each year because of the brush that usually collects around the trees.

3. The trees are a fire hazard. It is a tentative future plan to plant a type of tree that will beautify the campus.

## Registration Dates Are Set

Enrollment for the fall semester is in full swing.

Preregistration and registration appointment dates for returning students and new students have been announced by Mr. Clifford M. Swanson, registrar and dean of admissions.

Enrollment for returning students started April 23 and will end Aug. 25 and 26. Appointment for registration of new students will be Aug. 27 through Sept. 5.

## Politicians Discuss California "Needs"

The third in a series of noon panel discussions was presented in the student union May 15.

"California's Needs in the Next Decade" was the topic of the discussion, and the panel members were Assemblyman Alan Pattee, State Senator Fred Farr, Assembly-candidate Saul Weingarten, and City Manager Thomas Dunne.

Some of the topics discussed were the water rights, problems of new highways, right to work administration, in which each of the candidates expressed his view on the subject. The education problem was also discussed which included the need for planning for more schools and the effect of the Russian satellite on schools.

## Dr. Humbert Gives Speech

Dr. Harold F. Humbert, lecturer, educator and traveler, spoke for about 30 minutes on "The Psychology of Laughter" in the assembly Friday.

As a lecturer he has spoken in 28 countries and holds degrees in English, education and history. He has participated in interviews and conferences in Sweden, Denmark, Estonia, Austria, Great Britain, Bulgaria and Yugoslavia.

He has seen and heard every United States president from Theodore Roosevelt on and has observed the functioning of the United Nations.

## A&amp;M To Have Science Labs

A science laboratory will be established at Hartnell A and M, according to Mr. Stuart Dufour, Hartnell vice-president, and will be ready for the fall semester.

The building is already there, and the equipment will be bought shortly. It will accommodate the bacteriology lab classes all semester and the anatomy and physiology classes during the spring semester.

A bus service will take the students to the lab at one and return them to the main campus at four.

The additional laboratory is needed because of crowded facilities on the main campus which will exist until a new science building is constructed.

## PROM QUEEN . . .

(Continued from Page 1) will be fans as favors for the girls. A bridge made by Frank Caso will be placed over a pond.

The committee chairmen for the prom included: queen contest, Lotus Zuckswert; bids, Jane Ross, publicity, Judie Fry, band, Verlie Reif, and decorations, Dave Hitchcock. Sandy Epperson was the over-all chairman.

The patrons are Miss June Handley, Mr. and Mrs. James Stark, Mr. and Mrs. Leon Amyx, Dr. and Mrs. J. F. Ching, Dr. and Mrs. Bard Daughters and Dr. Lionel Olsen.

Buck Up!  
Life's O.K.

By DEMETRIA DA-ATON

At a recent assembly, Mr. Stuart Dufour, Hartnell's vice-president, discussed proper dress for college students at Hartnell. He said college regulations prohibit anyone going to classes in capri pants or shorts, except for certain reasons.

We all know, especially we women, that wearing full skirts with bouffant petticoats makes us feel kind of uneasy especially during this sunny weather. We want to feel cool by wearing loose dresses and shorts if possible, but don't you think Mr. Dufour was right?

It isn't really right for coeds to sunbathe in front of the college building while wearing those short-shorts, is it? So, short lovers, take note!

## Cool Hair-Dos

Speaking of cooling off, have you noticed the new hairdo of Rosalie Mascovich? There you are, fellow gals! That's one way to feel cool and refreshed during these warm days; and if you happen to have long hair like Carmela Abella, Kay Bourgerie, Erica Rossi and Priscilla Hernandez, you are more lucky because you can fix your hair anyway you wish like these gals do.

Santiago Flores, a member of the Panther Sentinel staff, recently received an anonymous letter saying: "I don't know how to start off but I must ask you a question which I could never ask you in person. For months I have been wondering. I have spent many restless nights trying to decide whether to ask you or not."

"A few days ago, little did I realize that my whole life depends upon your answer. I'm asking you this while I'm in a very serious mood. Your answer will make me happy beyond words, or throw me into the depths of despair. So please lay all other unimportant little things away and tell me: "Do you think the Lone Ranger will sell his horse if he is drafted?"

## Ceramics Displayed In Hartnell Library

A ceramics display has been set up in the library by Janis Totten and Vivian Pershall, ceramics class students.

The display shows an elementary division of clay gathered from the hills, a group of raw materials for mixing glazes with an example of a formula work set on paper pottery by Miss Totten, Miss Pershall, George Ragsdale, Ted Nagle, Barbara Miller, Frances Cortez, Lydia Lavarato, Gary Meeks and Mr. Leon Amyx, art instructor.

The ceramics class studies clays, methods of forming art pottery and beginning sculpture.

## Philosophy Aired

Eleven Hartnell students participated in the round table discussion, titled "Today's Philosophical Problem," held at Mr. Emil Ramos' home May 13.

## LITTLE MAN ON CAMPUS BY BAKER

"Yes, I KNOW you have the same answers as Smith — Your answers are wrong because YOU took a different test."

## Students Complete Speaker's Rostrum

Anastacio Alvarez completed a speaker's rostrum this semester with the help of Eddie King, former track star who died in an auto accident.

The rostrum, which is made of ash and walnut wood, will be used during the graduation exercises, assemblies and speeches, according to Mr. Stuart Dufour, Hartnell college vice-president.

## Leader Class Is Help to Students

The recreation leadership class was very successful in helping students who are taking the class to find summer camp and recreation jobs, according to Mrs. Jack Middaugh, teacher.

So far these students have received recreation jobs: John Lyons, Ivan Hartsell and Wilma Hakworth, Salinas recreation department, and Donna Merlotti, Santa Cruz recreation department.

Charlotte Canada will work at the Y.M.C.A. as a recreation leader.

Receiving camp jobs were Sandy Epperson, swim instructor at Camp Cawatre and swimming and recreation leader at Carmel valley, and Elinor Hill, Camp Cawatre.

## TEAHOUSE . . .

(Continued from Page 1)

Mrs. Stan Wood, one of the actresses, has obtained costumes from various people in the community. She borrowed army uniforms from Fort Ord and from local veterans. A black wig for the geisha girls, "Lotus Blossom," and 12 kimonos ranging in value from \$25 to \$90 were borrowed for the show. None of the costumes have been rented.

Another problem faced by the stagecrafters was that of a jeep. Limited space and the difficulty of handling ruled out the use of a real jeep, so the stagecrafters built their own semirealistic jeep.

Leading characters in the production include: Lloyd Ebel, "Sakini"; George Whitney, "Colonel Purdy"; Max Gobel, "Captain Fisby"; Robert Smith, "Captain McClean," and Elizabeth Everton, "Lotus Blossom."

## Graduates' Program Slated for June 13 At 6:30 in Evening

Commencement exercises are set for June 13 at 6:30 p.m. It was previously planned to have commencement at 11 a.m. but because of protests from students that their parents would be unable to attend, the time was changed, according to Dr. J. F. Ching, college president.

Following commencement, a reception will be held in the student lounge.

Graduation will be held by the northeast corner between the music wing and the science wing near the barbecue pit, Dr. Ching said.

## New English Courses Begin Next Semester

The English curriculum of Hartnell college will undergo several changes for next semester, according to Mr. Stuart Dufour, vice-president.

There will be three levels of English: English 1A and 1B for fully qualified students planning to transfer to four-year colleges, English A for transfer students who did not pass the Hartnell English placement test or the University of California Subject A examination, and English 53A and 53B, fundamentals of communications, for all other students.

English 53A will stress grammar and 53B will stress oral expression and writing. A student may enroll in English A after 53A if he makes a grade of C or better. 53-B is designed for terminal students.

All three levels will count as English credit for the A.A. degree.

English 52F will be offered for foreign students, but will not fulfill any English requirement for the A.A. degree. English 56, which is reading workshop, will also be offered but will give no English credits for graduation.

The new courses replace English 57, 55, 51A and 51B.

## Coeds Capture All Contests At Sports Day

Hartnell swept unbeaten through all events in the sports day at San Jose City college Saturday, according to Mrs. Jack Middaugh, women's athletic director.

The Hartnell women's softball team won four games, defeating Diablo Valley, Oakland, San Mateo and San Francisco City college.

Members of the team were Gerry Bosco, Barbara Dollase, Becky Sadler, Jackie Bagley Verlie Reif, Frances Cortez, Helen Munoz, Ethel Boutte and Mona Insular. Substitutes were Kay Bourgerie, Margaret Culp and Beth Plesche.

In the coed bowling competition, Wanda Hayford average 164 for two games and Foster Ferreira averaged 208. The other bowlers were Audrey Ash, Bob Amburn, John Snow, Connie Olivete, Rosalie Reyes, Al Baguio, Bob Clinton and Bill Juster.

Mitzi Oka won the women's tennis singles, and Ralph Shutte and Loretta Phelps won the mixed doubles.

The badminton team which was also undefeated had Verna Lipska winning the women's singles title, and Don McQuiddy was the men's singles champion. Donna Merlotti and Jack McIlvain won the mixed doubles.

## Hartnell Judged For Accreditation

Five representatives from the Western College association will judge Hartnell college for accreditation on December 16, 17 and 18, according to Dr. J. F. Ching, president. During this time the representatives will talk to the faculty and examine the course of study.

Accreditation to the Western College association is like a certification of well-being on the part of the college and is very desirable, Dr. Ching said.

The two main criticisms in the past were an inadequate counseling system and high school students mixed with junior college students in the A and M classes and in the evening school program. These two matters have since been taken care of, Dr. Ching stated.

### Club Plans Picnic

The International club of Hartnell will hold a picnic and a barbecue at Big Sur on June 1, according to Manuel Oliverez, club president.

### Field Trip Taken

The geography classes of Dr. Curtis Wilson visited the dolomite plant on Natividad road recently to observe the process of digging and drilling rocks.

## NCJC Track Meet To Be Held Tomorrow At Santa Rosa JC

The Hartnell Panthers will seek new laurels tomorrow when they travel to Santa Rosa for the Northern California junior college track meet. The big meet will be held at Bailey field and will provide a speedy track for some of the best jaycee track-

men in northern California.

Coach G. Ed Adams will take 13 men and a manager as his traveling squad. Making the trip for the Panthers will be Don McDowell, Bob Cabanyog, Dick Hardy, Ivan Hartsell, Ron Ross, Roger King, Bob Harrison, Jim Stireman, Jack Jurian, Bob Kennedy, Bob Rackley and Gene Deaver.

Ivan Hartsell stands the best chance of qualifying for the state meet. If he can perform at his

best in the pole vault, he should earn a spot with little difficulty. Don McDowell could also show up well in the 220 and the broad jump. Bob Cabanyog must also be given an outside chance in his specialty, the 120-yard high hurdles.

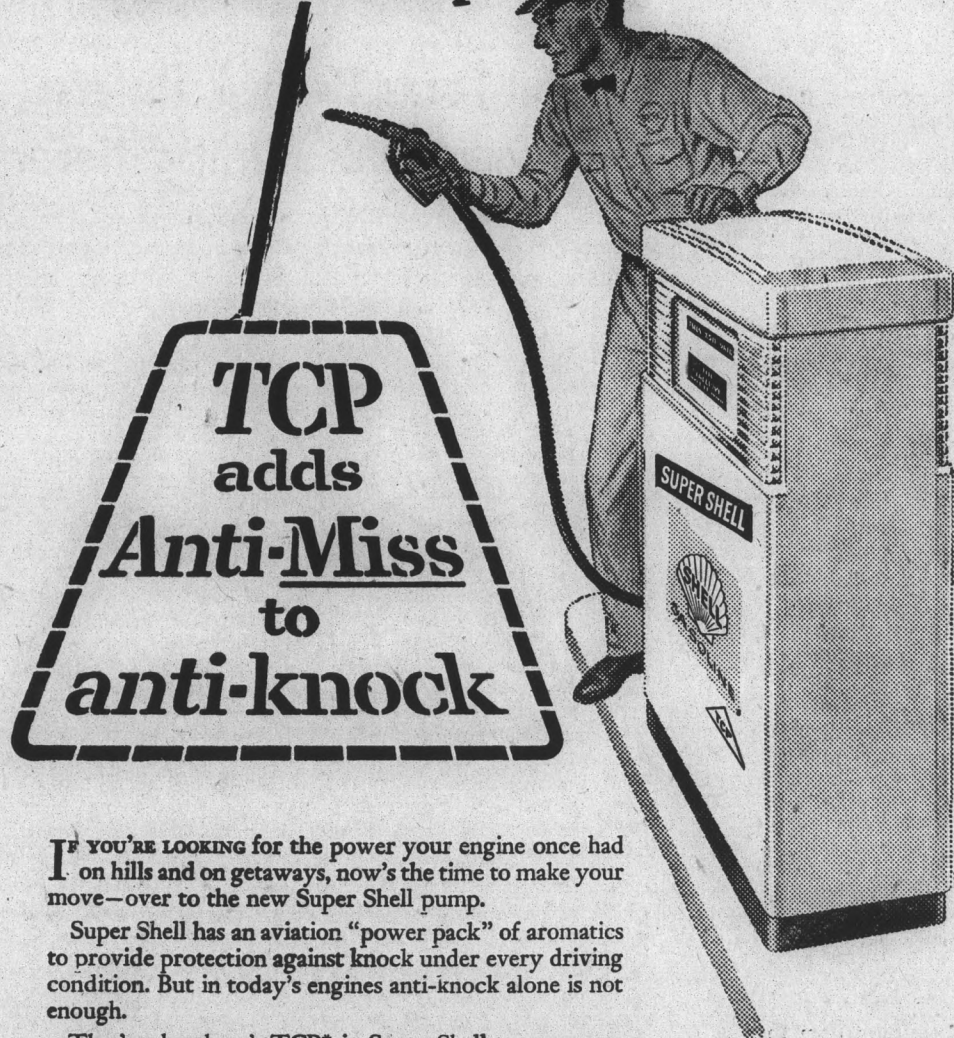

Those who qualify will take part in the state meet next week end at Modesto.

## Elliott Leads Field In Intramural League

Charles Elliott, Kay Bourgerie and William Juster and their teams occupy one-two-three spots in the intramural softball with 10-1, 9-4 and 7-5 marks.

In fourth, fifth and last positions are Diane Ross, Don Bonino and Dion Smedley and their battling nines with 5-6, 4-8 and 1-12 records.
